

The Perishers, My Heart

Its my heart youre stealing
Its my heart you take
Its my heart youre dealing with
And its my heart youll break
Its my heart youre taking
Its breaking bit by bit
Its my heart youre dealing with
But you dont know about it
If youd feel like I feel
And if youd know what I know
I dont think youd ever play me
I know youd never play me
Its my heart youre stealing
Its my heart you take
Its my heart youre dealing with
And its my heart youll break
If youd feel like I feel
And if youd know what I know
I dont think youd ever play me
I know youd never play me
I dont think youd ever play me
I know youd never play me
