

# The Polyphonic Spree, Section 26 (We Crawl)

We try  
We crawl  
We live  
We're small

I'm stuck in a Monday  
It's telling me someday,  
We're gonna be fine  
I know it's all moving  
Can't tell if I'm losing  
The love of my life

We try  
We crawl  
We live  
We're small

I know that we're broken  
It's been unspoken for such a long time  
It's scarier weather, when we're both together  
I know that we'll be just fine

We try  
To crawl  
To live  
To grow

On our way, today!  
Day after day  
We try hard  
We crawl far  
On our way, today!  
Day after day

I know that it's better  
When we stick together  
Our love is alive  
Through ups and downs of  
Facing each other  
Together, we're better  
Together, we'll find

We try  
To crawl  
(Better together)  
To live  
To know  
(Better together)
