The Prodigy, Factory Girl

(original by the rolling stones; remixed by maxim)

Waiting for a girl who's got curlers in her hair Waiting for a girl she has no money anywhere We get buses everywhere Waiting for a factory girl

Waiting for a girl and her knees are much too fat Waiting for a girl who wears scarves instead of hats Her zipper's broken down the back Waiting for a factory girl

Waiting for a girl and she gets me into fights Waiting for a girl we get drunk on friday night She's a sight for sore eyes Waiting for a factory girl

Waiting for a girl and she's got stains all down her dress Waiting for a girl and my feet are getting wet She ain't come out yet Waiting for a factory girl
