

The Prodigy, Narayan

If you believe the western sun is falling down on everyone
If you break it free and the morning's come
If you would now your time has come
If you believe the western sun is falling down on everyone
And you feel it burn, don't try to run
And you feel it burn, your time has come

And I feel it
You feel another energy and I feel a power growing
You feel another energy and I feel a power grow
You feel another energy and I feel a power grow

If you believe the western sun is falling down on everyone
If you break it free and the morning's come
If you would now your time has come
If you believe the western sun is falling down on everyone
And you feel it burn, don't try to run
And you feel it burn, your time has come
I feel it!
You feel another energy and I feel a power growing
You feel another energy and I feel a power grow
You feel another energy and I feel a power grow
