

# The Professionals, 123

You don't know if I'm a {unknown}  
And you don't care if I go to work  
As long as I keep marching up and down  
Up and down your playground

(Chorus)

What's the use in saying what you mean?  
Just wash yourself and keep your body clean

I know I've got a dirty face  
I know I'm looking out of place  
I know I've got mess on my shoes  
What am I supposed to do?

And it's one, I'm on the run  
And it's two, I don't know what I've done  
And it's three, you're telling me  
I'm still a baby

What am I doing standing here  
Trying to be a brigadier?  
You're telling me to be a man  
Why can't you just understand?
