

The Prom Kings, Bleeding

You can not hide from me
I will be there
You say that we're nothing
I say you're scared
Do you know what I know
Do you even care
Can you see whats coming baby
It's so crystal clear

Don't you know
This has me more than bleeding
Don't you know
I can not fight this feeling
Don't you go
Can you not hear me screaming no, no

You say that you fear me
Why do you lie
I say that you love me
Must you deny
Do you know what I know
Do you even care
Can you see whats coming baby
It's so crystal clear

Don't you know
This has me more than bleeding
Don't you know
I can not fight this feeling
Don't you go
Can you not hear me screaming no, no

And I want you with me right now
And I want you to feel me somehow
And I want to change what you do
And I want you to want me too
And I want you to want me

Don't you know
This has me more than bleeding
Don't you know
I can not fight this feeling
Don't you go
Can you not hear me screaming no, no

Shut up you wanted me
Shut up you needed me
Shut up you wanted me
Shut up you do
