The Psychedelic Furs, President Gas

you have to have a party when you're in a state like this you can really move it all you have to vote and change you have to get right out of it like out of all this mess you'll say yeah to anything if you believe all this but don't cry, don't do anything no lies, back in the government no tears, party time is here again president gas is up for president line up, put your kisses down say yeah, say yes again stand up, there's a head count president gas on everything but roller skates it's sick the price of medicine stand up, we'll put you on your feet again open up your eyes just to check that your asleep again president gas is president gas again he comes in from the left sometimes he comes in from the right it's so heavily advertised that he wants you and i it's a real cowboy set, electric company every day is happy days it's hell without the sin, but don't cry, don't do anything no lies, back in the government no tears, party time is here again president gas is up for president line up, put your kisses down say yeah, say yes again stand up, there's a head count president gas on everything but roller skates it's sick the price of medicine stand up, we'll put you on your feet again open up your eyes just to check that your asleep again president gas is president gas again president gas oh, president gas whoa, president gas oh, president gas whoa, president gas oh, president gas whoa, president gas
