## The Psychedelic Furs, Run And Run

go on get tarzan go on get jane go on get superman go on get lois lane hamburger mary she's got a gun nothing goes on all the time and she thinks it's fun come on run run run run away come on run away come on run run run away come on run away doorbell plays beethoven i open the door yesterday's there and i fall on the floor practicing makeup she laughs at us all hey look at you she's seen it all before come on run run run run away come on run away come on run run run away come on run away come on run run run away come on run away come on run run run away come on run away i'm having this party so come now please it's an open house girl but no games with keys no jokes in blank humor no lines in blank verse it couldn't get much worse there's heroes and villains ma b. and her boys doing the twist dancing with toys i've been waiting all night for someone like you but you'll have to do i've been waiting all night
