

The Pussycat Dolls, Top Of The World

Gimme them bright lights, long nights
High rise, overtime (Pussycat Dolls)
Gimme them bright lights, long nights - Party till the sun is rising
High rise, overtime - Working till the moon is shining
Hot guys, fly girls - Never gonna say it
I feel on top of the world, I feel on top of the world
Hey

Im ready for the pressure
The drama and the pleasure
Got my whole life here in front of me
Im taking over when I hit the streets

Glamour, glitter and gold
Nothing is stopping you, nothing is stopping me
In this outta control
I must stay in persue, do what I got to do

Gimme them bright lights, long nights - Party till the sun is rising
High rise, overtime - Working till the moon is shining
Hot guys, fly girls - Never gonna say it
I feel on top of the world, I feel on top of the world
Hey

Its like a rollercoaster
One step away Im closer
I can see it there within my reach
Wont let the city get on top of me

Glamour, glitter and gold
Nothing is stopping you, nothing is stopping me
In this outta control
I must stay in persue, do what I got to do

Gimme them bright lights, long nights - Party till the sun is rising
High rise, overtime - Working till the moon is shining
Hot guys, fly girls - Never gonna say it
I feel on top of the world, I feel on top of the world

I can do it all night long (Nothing can stop me)
They can place my home (Cant slow me down)
The only thing I know (Is that I wont fall)
And I have it all

Gimme them bright lights, long nights -
High rise, overtime - Working till the moon is shining
Hot guys, fly girls - Never gonna say it
I feel on top of the world, I feel on top of the world

Gimme them bright lights, long nights - Party till the sun is rising
High rise, overtime - Working till the moon is shining
Hot guys, fly girls - Never gonna say it
I feel on top of the world, I feel on top of the world

Gimme them bright lights, long nights (Pussycat Dolls)
High rise, overtime
Hot guys, fly girls - Never gonna say
I feel on top of the world, I feel on top of the world
