

The Queers, Brush Your Teeth

A buncha shit, a buncha puke, that's where I'm coming from
I'm in a little trouble, beating up my mom
I'm gonna live a million years and then I'll go to hell

Your big fat mouth is what I smell

Brush your teeth (x5)

I'd love to punch you in the face
I'd love to beat the brat
I'd really like to fuck you, but your ass is fat
I'm gonna live a million years and then I'll go to hell
Your big fat mouth is what I smell

Brush your teeth
