## The Queers, I Hate Your Fucking Guts

I don't wanna be around you anymore I don't wanna hear another word you say You make Bulltit look like he's a real a smart fucker And I'm kinda hopin that you'll go away

I hate your fucking guts I hate your fucking guts

You think you're a punk but you're just a jock And up your ass you'd love to feel a cock You're so pathetic with your punk rock band You're a stupid fuck, a human cuckoo clock

(Chorus) (Lead guitar (dedicated to Gino!!)) (Chorus)
