

The Queers, Love Me

Hi, this is station AWOL,
Coming to you from from over the hill at Bob Bar city.
I'm gonna sing if I come back tonight,
Can I still keep my stripes or have I stayed away too long?

Beat me, bite me, whip me, fuck me, like the dirty pig that I am.
Cum all over my tits and tell 'em that you love me.
Then get the fuck out.

Hey, keep it going boys.
We're coming right on back, but we're gonna go the other way though.
Fuck me, whip me, bite me, beat me, like the dirty dog that I am.
And leave me, and then get the fuck out.

(Beat me) like the dirty pig that I am.
Cum all over my tits and tell 'em that you love me.
(Bite me) then get the fuck out.
Beat me, bite me, and whip me.

Now look out, boys, the big dog's gonna move on in
Here's what they call a wildfire.
Yeah, coming on.
Come on back, boy.

Hey, big boy, if you can't run with the big dog,
You better stay on the porch.

Hey, get it.

Beat me, bite me, whip me, like the dirty dog that I am.
Cum all over my tits and tell 'em that you love me.
Then get the fuck out.

Hit that, drummerboy.

Beat me, bite me, whip me, fuck me, like the dirty pig that I am.
Cum all over my tits and tell 'em that you love me
Then get the fuck out.

C'mon.

Get going.

Then get out.
I mean get the fuck out.
