

# The Queers, My Cunt's A Cunt

Before we went out  
I used to think that she was hot  
And now I really see her  
And I see that shes' not  
With the mouth of a pirhana -  
that's always full  
And the face of a rabbit pit bull

My cunt's a cunt, my cunt's a cunt

My friends all say she's funny  
Well hardy har har  
I think she needs a head massage  
With a steel bar  
I used to fantasize of her  
The little jiz jar  
But now I dream of seeing her  
Getting hit by a car

(Chorus)  
((Guitar solo for Gino!!))

I guess by now you know  
I really hate that bitch  
I'd love to see her full of holes in a ditch  
They'd do the world a favor  
By shuttin' her up  
The loud mouth whore with a little C-cup

(Chorus)
