

The Queers, The Sun Always Shines Around You

Oh how I wish and hope it's true
That you know I'm in love with you
'Cause you seem to have forgotten I exist
And do you even remember that we kissed
And I'm wondering what you're thinking of me

Silly words we didn't mean
Hot and cold and in between
I'm left with a broken heart
And not too sure just where to start
And I'm hoping this ain't how it's gotta be

If I could turn the hands of time
Back into friends of mine
I'd chase away those clouds so gray
And things would be just fine
'Cause the sun always shines around you

So put away that angry face
'Cause we don't have much time to waste
It's a big wide world and it won't slow down
Let's get it right this time around
And I'm thinking - sunny skies are here to stay

(Chorus)
