

The Radio, Whatever Gets You Through Today

Someone said today,
There's no other way
Of playing...

But I'll find a way,
I'll find another way,
Of saying...

All the time we have for life,
Thinking 'bout the lives we had
Together...

Whatever gets you through today (x4)

Sometime yesterday,
There was another way
Of dreaming...

But there's another way
You don't have to be a hero...

God, it's not easy
There's a lot to keep you holding
On forever...

Whatever gets you through today (x4)

Whatever gets you through today (x12)
