

The Ramones, I saw her walking down the street

I am outsider
Outsider of everything
I am outsider
Outsider of everything
I am outsider
Outsider of everything
Everything you know
Everything you know
It disturbs me so
Everybody tried to push me
Push me around
Everybody tried to put me
Try to put me down
All messed up , hey everyone
I've already had all my fun
More troubles are gonna come
I've already had all my fun
Everybody tried to push me
Push me around
Everybody tried to put me
Try to put me down
I am outsider
Outsider of everything
I am outsider
Outsider of everything
I am outsider
Outsider of everything
Everything you know
Everything you know
It disturbs me so
