

The Rasmus, Funeral Song

I dumped you again
Don't understand
It's happened before
Can't take it no more

These foolish games
Always end up in confusion
I'll take you back
Just to leave you once again

I died in my dreams
What's that supposed to mean?
Got lost in the fire
I died in my dreams
Reaching out for your hand
My fatal desire

I failed you again
Cause I let you stay
I used to pretend
That I felt OK

Just one big lie
Such a perfect illusion
I made you mine
Just to hurt you once again

I died in my dreams
What's that supposed to mean?
Got lost in the fire
I died in my dreams
Reaching out for your hand
My fatal desire

Ohh ohh
