

# The Rasmus, I'am A Mess

I don't know who I am.  
Am I even Human  
Every night I sell my soul.  
I forgot your birthday.  
And I'm dressed in rags  
Shouldn't drink, I lose control.  
And I know (Oh)

I'm a mess,  
But at least i know that I can make you laugh like no one else,  
Oh such a mess,  
But atl east I've always been myself without magic spells  
Oh no

No one knows my secret  
No one knows my heart  
Causeit's always on the run  
I don?t know what I'm doing  
I don?t know where I'm going  
And I don't even know where i've come from..  
I confess..

I'm a mess,  
But atleast i know that how I can make you laugh like no one else,  
Oh such a mess,  
But at least I've always been myself without no magic spells

Oh no

Say your stay  
Cause it's more than just an ordinary day  
Before you go,  
There is something that you need to let me know.  
Before you leave,  
How ever cruel your answer is be honest please  
I?m waiting on my knees

Will you stand by me, finally  
The day when we grow old.  
Would you fall asleep right next to me  
when my hands are cold?  
Yeah Yeah Yeah...
