

The Rasmus, Last Generation

We stopped and left the car
The last thing I can recall
A raging wave of light
Vaporized all this life
You ran into the field
Incapable to breathe

Rest in peace, it's all over now
It's the end of salvation
Memories in the photographs
Of the last generation
Of the last generation

I've seen this in my dream
Petrified family
Pointing hands at me
Victims of the tragedy
And dust replaced their souls
Hearts turn into stones

Rest in peace, it's all over now
It's the end of salvation
Memories in the photographs
Of the last generation
Of the last generation

And dust replaced their souls
Minds turned into stone

Rest in peace, it's all over now
It's the end of salvation
Memories in the photographs
Of the last generation

Rest in peace, it's all over now
It's the end of salvation
Memories in the photographs
Of the last generation
Of the last generation
