The Rembrandts, Every Secret Thing

Now, I'm not saying that I'm, feelin' lonely but I

Wouldn't mind it if you'd, come and warm me for awhile

Baby for awhile

Because you're, hot on the outside and you're

Sweet in the middle and I'm, guessin' that someday you might

Want just a little of my love-That's what I'm thinkin' of

So baby don't pretend

Don't pretend there's nothing there-Don't act as if you're unaware

'CAUSE I-I CAN SEE IT IN YOUR EYES (EVERY SECRET THING)

I CAN READ BETWEEN THE LINES (EVERY SECRET THING)

Every secret thing

You thought you, had me figured for a

Somethin' or other or the, kinda guy you wouldn't

Bring home to mother, now you know-Love will only grow

Baby don't pretend

Don't pretend there's nothing there-Don't act as if you're unaware (CHORUS 2x)

We hide, and we keep from one another

Won't change, this night-Tonight will last forever...yeh

Baby don't pretend

Don't pretend there's nothing there-Don't act as if you're unaware

(CHORUS 2x)

Every secret thing
