

The Replacements, Color Me Impressed

Everybody at your party
They all look depressed
Everybody dressin' funny
Color me impressed

Stayin' out late tonight
Won't be gettin' any sleep
Givin' out their word
Because that's all that they won't keep

Put the party on the mirror
Oh shit, pass the bill to Chris
Intoxicated lover ending our french kiss

Can you stand me on my feet?
Can you stand me on my feet?

(Everybody)

Everybody at your party
They don't look depressed
And everybody's dressin' funny
Color me impressed

Color me impressed
Color me impressed
Color me impressed
Color me impressed
I call it out
