

The Replacements, Go

You're about to leave him now
Heard it all before
Suppose me to believe it now

Go while you can
Go while you can

Stay awhile he's sleepin' now
I thought you would
Don't seem to feel it now
You been doin' okay

Go while you can
Go while you can

Stay and close your eyes
Stay with me
Stay and close your eyes

Go
Go
Go
Go
Go while you can
Go while you can
