

# The Riverdales, She's Gonna Break Your Heart

she's gonna break your heart  
she's gonna tear you apart  
and when she breaks your heart  
don't you come crying to me  
she's gonna break your heart  
she's gonna tear you apart  
and when she breaks your heart  
don't you come crying to me  
I don't wanna be the one to tell you  
she's gonna break your heart  
you won't listen to anyone else  
you're gonna have to find out for yourself  
she's gonna break your heart  
she's gonna tear you apart  
and when she breaks your heart  
don't you come crying to me  
she's gonna break your heart  
she's gonna tear you apart  
and when she breaks your heart  
don't you come crying to me  
she's gonna break your heart  
she's gonna tear you apart  
and when she breaks your heart  
don't you come crying to me  
don't you come crying to me  
don't you come crying to me  
don't you come crying to me
