

The Rubyz, Outrageous

C'mon and show em who you are
Don't you cover up that light in your heart
You've got something that was born to shine
So get it started, It's about time
C'mon c'mon, can you hear us?
C'mon c'mon, get serious
Oh, outrageous
When they see the difference way deep down in each of us
Oh, you gotta be courageous
It's contagious
Outrageous
C'mon, here's the deal
Everybody's searching for something that's real
Just stand strong and have a little faith
Don't get caught playing it safe
C'mon c'mon, can you hear us?
C'mon c'mon, get serious
Oh, outrageous
When they see the difference way deep down in each of us
Oh, you gotta be courageous
It's contagious
Outrageous
Outrageous
C'mon and show em who you are
Don't you cover up the light in your heart
Oh, outrageous
When they see the difference way deep down in each of us
Oh, you gotta be courageous
It's contagious
Outrageous
Gonna show em who we are
