

The Saturdays, Lies

Frankie :

Night is whole and high unheard....

Out of mind and out of words

lost for love and lost for air

Rochelle :

Lost for love and lost forever

That is how you leave me here

The Saturdays :

But no no longer

Vanessa :

No no longer

The Saturdays :

I am getting stronger

Vanessa :

Getting stronger

The Saturdays :

All you ever told me

All you ever told me

All you ever told me

Lies

All you ever told me

All you ever told me

All you ever told me

Lies

No more listening to no more words

No more sitting and trying

All you ever told me

All you ever told me

All you ever told me

Lies

Una :

I would give the sun for you

Everything I had belonged to you

Una And Rochelle :

All my tears and all my joy

Una :

That's how much I have

Una And Frankie :

Loved you boy

The Saturdays :

But no no longer

Vanessa :

No no longer

The Saturdays :

I am getting stronger

Vanessa :

Getting stronger

The Saturdays :

All you ever told me

All you ever told me

All you ever told me

Lies

All you ever told me

All you ever told me

All you ever told me

Lies

No more listening to no more words

Frankie And Mollie :

No more listening to no more words

The Saturdays :

No more sitting and trying

Frankie And Mollie :

Vanessa :
So now forget about
All I ever promised you
I am getting out
When you're liein
Bear alone
Spin the wheel
And find someone new
Someone new
The Saturdays :
All you ever told me

All you ever told me
Lies
