The Sins Of Thy Beloved, All Alone

All Alone I look to the sky the sun has faded away the moonlight shines down on me the gods play their symphonies I feel so lost I fall on my knees I think about times that used to be when we danced just you and me I cant't find the right words to say I don't know how to say goodbye Here...here I am...life is bright... ...There's no sorrow...nothing can stop us... ...Showed us hope....Angel of my forest... ...Saw my perfect...in my own soul.. death is unfair...that's real pain... ...Remoun you...I'm almost dead... ...I've...I've lost my hope... ...My...my will to live... ...My last farewell...forever...all alone... In my eyes you see no pride In my eyes you see no light In my eyes you see a tear In my eyes you see my fear In my eyes you see my love In my eyes you see no plight In my eyes you see my hate In my eyes you see my fate

Forever all alone
