

The Smashing Pumpkins, Being Beige

I don't love you
For what it's worth
So if you're leaving
Can you hurt?

Cherry blossom
This is goodbye
Come here lately
And you'll fly

When they say
What it's worth
The world tells your [?]
And you know
Where to go

The world's on fire so
The world's on fire so
The world's on fire so
Have you heard?

Lover, let me please
Fall on down your knees
Lover let me please
Be the one

No more prayers to make
Flowers made to beg
When you swarm to wait
Your [?]

The world's on fire so
The world's on fire so
The world's on fire so
Have you heard?

Yes, I loved you
As a matter of fact
Your furs are wrapped up
And that's that

Lover let me please
Fall on down your knees
Lover let me please
Be the one

The world's on fire so
The world's on fire so
The world's on fire so
Have you heard?
The world's on fire
The world's on fire
The world's on fire
Have you heard?

Lover, can you breathe
To make for your release?
To make for your release
I'm no longer here
By your side

What's to hide?

The world's on fire

The world's on fire
Until you ready for?
