The Specials, Concrete Jungle

I'm going out tonight I don't know if I'll be alright Everyone wants to hurt me Baby danger in the city

I have to carry a knife Because there's people threatening my life I can't dress just the way I want I'm being chased by the national front

Concrete jungle, animals are after me Concrete jungle, it ain't safe on the streets Concrete jungle, glad I got my mates with me

I won't fight for a cause Don't want to change the law Leave me alone, just leave me alone I want to get out on my own

I'm walking home tonight I only walk where there's lots of lights In the alleys and the doorways Some throw a bottle right in your face
