

The Spencer Davis Group, Midnight Train

Well midnight train hurry on down that track
Well midnight train, won't you hurry on down that track
'cause you took away my baby, now you gotta bring her back

I've been standing at this station, singing the blues all day
I've been standing at this station, singing the blues all day
Well I ain't going nowhere since you took my baby away

The night is cold standing here in the rain
The night is cold standing here in the rain
But I ain't gonna move 'til I see my loving baby again

Midnight train, can see you coming along
Midnight train, can see you coming along
Ah, there's my baby, glad you've got her aboard
