

The Spinto Band, Crack The Whip

I'm nervous when I'm near you as if I am falling in
I'm in love with someone else
And it doesn't really matter if she can't speak all that well
If she won't talk I don't care

Cause I don't wanna break your heart
Don't wanna let you go
I'm in love so whenever we're apart
But that don't mean I won't want more so

Give me a chance, I promise I will come back
Honey, this is a bitch I just have to scratch
All things considered, I'm not much of a sinner
But something tells me that I am missing out

Something about looking at you makes me want to blink
Like I'm scared of a man this big
But old jokes are just that
Old I guess, what should I expect
What trite line will you give me next

But I don't wanna break your heart
Don't wanna let you down
I'm in love with you so hear me out
All I want is to look around

I'm nervous when I'm near you
Oh I've such a mind for this
Cause it's a finite number of times before I catch the drift

But I don't wanna break your heart
Just wanna get you back
I'm in love with you so hear me out
How I just want to be your man

Give me a chance, I promise I will come back
Honey, this is a bitch I just have to scratch
All things considered, I'm not much of a sinner
But something tells me that I am missing out
