## The Spinto Band, Crack The Whip

I'm nervous when I'm near you as If I am falling in I'm in love with someone else And it doesn't really matter if she can't speak all that well If she wont talk I don't care

Cause I don't wanna break your heart Don't wanna let you go I'm in love so whenever we're apart But that don't mean I won't want more so

Give me a chance, I promise I will come back Honey, this is a bitch I just have to scratch All things considered, I'm not much of a sinner But something tells me that I am missing out

Something about looking at you makes me want to blink Like I'm scared of a man this big But old jokes are just that Old I guess, what should I expect What trite line will you give me next

But I dont wanna break your heart Don't wanna let you down I'm in love with you so hear me out All I want is to look around

I'm nervous when I'm near you Oh I've such a mind for this Cause it's a finite number of times before I catch the drift

But I dont wanna break your heart Just wanna get you back I'm in love with you so hear me out How I just want to be your man

Give me a chance, I promise I will come back Honey, this is a bitch I just have to scratch All things considered, I'm not much of a sinner But something tells me that I am missing out
