

The Spinto Band, My Special Car

I live in a truck,
I make my truck go, yeah,
If it doesn't run,
My truck will explode yeah,

And its my special car,
Its my special car,
Ride in my special car,
Yeah, its my special,

I sit in the back,
When my truck drives me, yeah
I sit in the front,
When my truck wants speed, yeah,

And were off to the stars,
In my special car,
Yeah were off to the stars,
And we'll get (?)

Im taking the (?),
Holding on tight,
Its looking like It'll be a bumpy ride,

I live in a truck,
I make my truck go, we're almost there,

And its my special car,
Its my special car,
Cuz its my special car,
And were off to the stars
