

# The Stanley Brothers, Mother's Footsteps Guide Me On

As a boy I learned of Jesus  
With my mother here at home  
Gathered there around the fireside  
Mother taught us right from wrong

Happy days I still remember  
With a mother long gone on  
Now rejoicing with the angels (up in heaven)  
Mother's footsteps guide me on

Mother's love will always guide us  
As I journey on and on  
There will be a great reunion  
Mother's footsteps guide me on
