

The Starting Line, Nothing Short Of A Miracle

Sometimes I've been wondering if good times fade away,
and things always turn out this way.
You're one of the many things that make me face the day,
I'm so glad you're here with me.
It's not your fault that you're in pain,
I just can't explain what you mean to me.
Meant what I said,
meant what I did,
it's all for you.

And then I tried to look inside, look in my own head.
I realized something wasn't there.
Then I saw your face staring back at me,
and everything was falling into place.

It's not your fault that you're in pain,
I'm glad things have turned out this way,
I can't explain what you mean to me,
Cause you've always been there for me.
Meant what I said,
meant what I did,
It's all for you.
I'll try and be there for you
