

# The Starting Line, What You Want

I want something more than all my possessions,  
Something I want to share with everybody else.  
It will be brilliant both to elderly and children,  
And be different in a way that can be embraced.

If this is what you want,  
Then I'm gonna get it to you.  
'Cause I want to show you the things that you never knew.  
If this is what you want, I'll get closer to you.  
And then I'll make you sing, 'cause that's what you do.

So was it worth it, the way I had it worded?  
Seems like I bit off a little more than I could chew  
I've got a big mouth, yeah but maybe that's true,  
I could never know for sure until it gets to you.

If this is what you want,  
Then I'm gonna get it to you.  
'Cause I want to show you the things that you never knew.  
If this is what you want, I'll get closer to you.  
And then I'll make you sing, 'cause that's what you do.

I want to make you feel better,  
About the bet that you've made,  
The bet you've placed on the lonely boys from the Keystone state.  
Was it worth it?  
It's only gonna get better.  
I think we're gonna be safe,  
If we can keep holding on and onto hope for this long.

If this is what you want,  
It's what I'm gonna get to you.  
'Cause I want to show you the things that you never knew.  
If this is what you want, I'll get closer to you.  
And then I'll make you sing, 'cause that's what you do.
