

The Stills, Let's Roll

lie on the floor
of the runway baby
wait for the ride
we'll have a comfortable flight

don't be afraid
to be afraid here with me
and plunge, little worm
into the worm-hole with me

let's roll
let's roll

south to the sea
i got a sailboat for free
yes, little worm, we'll sail the sewage out to sea

don't be afraid
of the roaming alligators
and save the heartattacks for later

let's roll
let's roll
let's roll
let's roll

north to the fringe
i know a bar there that's in
out of the way in a Hades kind of way

but i'm not afraid
as long as you're here with me

Oh let's roll
let's roll
let's roll
let's roll
let's roll
let's roll
let's roll
let's roll
