

# The Stranglers, Curfew

The enemy has cut down all the power  
London south of The Thames s invaded  
Westminster is raised down to the ground  
The Government Has Fled  
The Government Has Fled  
The Government Has Fled for Scotland today

It Becomes Black And White  
Is It True What They Say?  
They Turn The Day Into Night  
Black And White Becomes

The Government has fled into thin air  
What's Left Of Our Troops Has Joined The Scots  
To Form In defense across the North  
Stay In Your Homes  
Stay In Your Homes  
Be Off The Streets By Nightfall

It Becomes Black And White  
Is It True What They Say?  
They Turn The Day Into Night  
Black And White Becomes

Germany Failed To Protect All Borders  
Had Grown Soft With The American Dream  
The Men From The Steppes Delivered Their Vacuum  
A New Kind Of freedom

Maybe I'll Find Love When There's Nothing To Do

It Becomes Black And White  
Is It True What They Say?  
They Turn The Day Into Night  
Black And White Becomes
