

The Subways, Girls & Boys

The world is always some kind of daydream
Another message that they just don't see
I won't forget
The day you said
The simple things
They are the best
I'm just a kid
An alien
Among the people

The girls and boys

Another statement, another daydream
Why do you always say what you don't mean?
I won't forget
The day you said
The simple things
They are the best
I'm just a kid
An alien
Among the people
