

# The Sugarcubes, Eat The Menu

Einar  
Limousines, oranges,  
Stars, moons,  
Submarines, Jeeps,  
Glaciers, Cars,  
Caterpillars, even grapes

Bjrk  
It's none of my business  
But you have to eat  
Your appetite is appalling

Einar  
Eat eat eat the menu

Bjrk  
Have, have, have some salad

Einar

Bjrk  
Taste, taste, taste the pate

I'm just a maid, but yes to food is yes to life

Einar  
I've got to eat something  
Otherwise I'll just die  
But the choice is too great  
I can't decide what to eat  
I'll possibly just eat the menu?

Bjrk  
How would you like strawberry juice?  
Or lemon red sea perch?

Einar  
Eat eat eat the menu

Bjrk  
Bite, bite, bite the kiwi

Einar  
Eat eat eat the menu

Bjrk  
Have, have, have some chicken

I'm just a maid, but yes to food is yes to life

Einar

The waiter came with the menu  
And said here you go.  
I said thank you but  
The choice is too great,  
Why can't I be a cod  
In the depths of the ocean  
And just eat small fish  
The cod has such simple taste  
But I've got all the choice

Bjrk  
Bite, bite, bite an apple

Einar

Bjrk  
Oh, you vague costomer  
You'll have to look somewhere else  
You have to find something to eat

Einar

Einar  
I won't complain but...
