

# The Supremes, Honey Bee (Keep On Stinging Me)

(Deke Richards/D. Dean/Janie Bradford)

Honey bee keep on stingin' me  
Honey bee keep on stingin' me

When I first saw you standin' there  
Temptation filled your smile  
I had to hold on to my heart  
But you were so persistent  
You wore down my resistance, now

Honey bee you're such a part of me  
Honey bee you stung the heart of me  
Honey bee keep on stingin' me  
Mmm

You started a fever burnin' deep inside of me  
Since you stung me with your sweet love  
My whole life is rearranged  
My heart looks like love has changed

Honey bee you're such a part of me  
Honey bee you stung the heart of me  
Honey bee keep on stingin' me

Into my life like a breath of spring  
Came your love like the sunshine  
To stop the rain  
Dried all my tears

Darlin' I've been blessed  
With your honey sweet love  
And I must confess  
Our love's dear  
Ooh baby

Honey bee keep on stingin' me  
Honey bee keep on stingin' me

This taste of honey you're givin' me  
Has sweetened all my bitterness  
And finally pushed my fears aside  
In return I'll send in your direction  
All my sweet lovin' affection

Honey bee you're such a part of me  
Honey bee you stung the heart of me  
Honey bee keep on stingin' me  
Honey bee you're such a part of me  
Honey bee keep on stingin' me  
Honey bee you stung the heart of me
