

# The Supremes, Sunset

(Clarence Paul/Stevie Wonder)

Sunset, sunset  
It's sunset, it's sunset

You went and left happy  
You're all alone  
You turned and walked away  
About this time of day  
It was always sunset

Sunset  
I didn't want you to see me cry  
So I turned my head  
To hide the tears in my eyes  
I turned when evening shadows fall  
That's when I miss you most of all

And oh, it's sunset  
Oh, sunset
