

The Sweet, Discophony (Dis-Kof-O-Ne)

(Moberley -Scott - Tucker -Priest)

I met a girl
Who likes to dance
But there's only one way
To get inside her trance
That's if I dance
I stand the best of chance
Some is brainwashed by the rhythm
Trapped inside their own escapism
In prison I don't wanna be there
No I don't wanna be there

Chorus
Can't stand that disco music
Pain in my head
Can't stand that disco music
Pain in my head
Everyone said
Disco is dead
With it's blue, light

Give me a drink
While you're rollerskating
I'll be there if you're waiting
To be fed
If you're fed
I ain't gonna dance
Disco ain't worth your masterbating
Rock and roll will still keep accelerating
I'll always be there
Yeah I'll always be there

Chorus
