

# The Sweet, Discophony (Dis-Kof-O-Ne)

(Moberley -Scott - Tucker -Priest)

I met a girl  
Who likes to dance  
But there's only one way  
To get inside her trance  
That's if I dance  
I stand the best of chance  
Some is brainwashed by the rhythm  
Trapped inside their own escapism  
In prison I don't wanna be there  
No I don't wanna be there

Chorus  
Can't stand that disco music  
Pain in my head  
Can't stand that disco music  
Pain in my head  
Everyone said  
Disco is dead  
With it's blue, light

Give me a drink  
While you're rollerskating  
I'll be there if you're waiting  
To be fed  
If you're fed  
I ain't gonna dance  
Disco ain't worth your masterbating  
Rock and roll will still keep accelerating  
I'll always be there  
Yeah I'll always be there

Chorus
