

The Sweet, Getting In The Mood For Love

See the girl sitting over there with the long brown hair
Just one look and that's all it took, i gotta talk to her
I want her to love me, i want her to need me
Cause i'm feelings right and tonight's the night
I'm gonna see how much she really cares

Cause i'm

Getting in the mood for love (Repeat)

For love, for love

Were together walking down the street shes looking so complete

Painted lips and her fingertips you know she can't be beat

I know that she love me, yeah i know that she need me

Cause shes alright when i hold her tight

And i know how much she really care

Cause i'm

Getting in the mood for love (Repeat)

For love, for love

Getting in the mood for love (Repeat)

For love

Getting in the mood for love (Repeat)

For love
