## The Sweet, New Shoes

Chorus
I got myself some new shoes
To walk away from my blues
I got myself some new shoes
Got no time for bad news in my new shoes

You, you where the one I was a young man You where temptation Dreams of you every night Change when i turn on the light Don't give me those love sleepness nights anymore

## Chorus

Times, are left behind Now i'm a changed man A new sensation Circules are turning around I'll keep my feet on the ground Now that i found what it's like to free

Chorus (Repeat Twice)

New Shoes, new shoes, new shoes, green door
