

The Sweet, The Lies In Your Eyes

Ain't nobody gonna take my place
Whips and chains don't leave no trace
Solid gold brass got a plastic face.
Ah...

You break me up ev'ry time you try
To cool me off with a wink in your eye
And I don't eat from a pie in the sky - no more!

I can see.
You ain't foolin' me.
I ain't blind.
The lies in your eyes don't disguise.
The tears that you cry.
I'm not blind.
The lies in your eyes don't disguise.
The lies in your eyes don't disguise.
But the lies in your eyes....

You gotta big fat mouth, watch what you say
'Cause sooner (Sooner!)
you're gonna pay.
Gone tomorrow, here today.

There ain't nobody gonna take my place
Sticks and stones don't leave no trace
And I don't need your second face.

I can see.
You ain't foolin' me.
I ain't blind
The lies in your eyes don't disguise.
The tears that you cry.
I'm not blind.
The lies in your eyes don't disguise.
The lies in your eyes don't disguise.
But the lies in your eyes....

I can see...
I can see... (lies in your eyes)
I can see... (lies in your eyes)
I can see... (lies in your eyes)
Eyes...
Eyes...

Don't you know I can see.
You ain't foolin' me.
I ain't blind.
Coz the lies in your eyes don't disguise.
The tears that you cry.
I'm not blind.
The lies in your eyes don't disguise.
The lies in your eyes don't disguise.
But the lies in your eyes....
