

The Sweet, Time

Scott/Tucker/Priest/Connolly

We are spend about life
Get around, oh where in time
Seems my mind goes like when
Good times are coming back again
People say that I'm wrong
A man can't travel back alone
I got to travel like life
What I've done wrong
I must make right

Beat my mind
See my sign
Help me find - time

Some things are thing's that I've done
For no one a reason I will be hung
I've got to go on the same
Somewhere or something I clear my name

Beat my mind
See my sign
Help me find - time

Beat my mind
See my sign
Help me find - time

Beat my mind
See my sign
Help me find - time
Time, - time, - time, - time
Time, - time, - time, - time
