

# The Teenagers, French Kiss

Were in my room  
Watching dirty dancing  
I didnt get anything with Orlando Bloom  
Cause I know you fancy him  
If she was there  
Your mum would say that everything is perfect  
But shes not  
Lets forget about her  
God, its already the nobody puts baby in the corner moment  
And youre getting emotional  
Perfect timing for a  
French kiss  
On your soft lips  
French kiss  
You will love this  
Were at your best friends party  
Dancing to Ozone  
In the living room  
I get you a vodka red bull  
And lure you in the kitchen  
Its quite smoky in there  
Have a seat  
Well have another drink  
Have some crisps  
Well have another drink  
Have that cigarette  
Well have another drink  
God, its already 4 am  
And youre getting tired  
Your eyes dont lie  
Perfect timing for a  
French Kiss  
On your soft lips  
French Kiss  
You will love this (x3)
