

# The Temper Trap, Need Your Love

The road is pulling me into an open where  
And for a moment i escape and i forget  
The silhouettes behind the dust clouds call me friend  
But even fools know here they're far a few between  
She has abandoned me oh highway and desert blades  
All lonely creatures singing for he summer rain  
And at the end of all your knees fall down to me  
Yeah, it's something in you always just for someone real

Oh, I need your love, I need your love,  
I need you now, I need you  
Oh, I need your love, I need your love,  
I need you now, I need you

She is my salvation in the dark  
But at night with lips of honey calls the devil's heart  
And i am a war of flesh and heart that's left undone  
Between the person that i was and have become

Oh, I need your love, I need your love,  
I need you now, I need you  
Oh, I need your love, I need your love,  
I need you now, I need you  
I need your love, now

Oh, I need your love, I need your love,  
I need you now, I need you  
Oh, I need your love, I need your love,  
I need you now, I need you

There's no resting now  
There's no resting in my heart x2
