

The Temptations, The Girl's Alright With Me

[Eddie:]

This little girl of mine
I wanna say shes so fine
And each and every day
I'll make sure she has her now
We don't feel tied down
Although our hearts are bound
I don't have to chase her all over town
My baby shes all ways around

[Chorus:]

The girls alright with me
You know the girls alright [repeat]

Now shes so good to me
I guess thats why i feel fancy free
Just to see the glow in her eyes
Makes me once again realize
I love her with all of my
And i know we'll never ever part
I never heard about or caught
Her playin i guess thats why
You always hear me sayin'

[Chorus]

When i visit at her home
Other fellas never never ring her phone
She lets them know just where they stand
She tells them all that i'm her man
And when we're out on a date
Other fellas wait till i walk away
They try to beat my time
She tells them in a nice way shes mine
All mine

[Chorus]

[Fading]
